

NObreath®

Mouthpiece Datasheet

Designed specifically for the NObreath® FeNO monitor, the NObreath® mouthpiece contains an integrated infection control filter that removes and traps >98% of airborne bacteria and >96% of viruses¹.

Technical specification

Dimensions	Approx. 180 x 28 x 22 mm
Weight	Approx. 14g
Material	Polypropylene

The NObreath® mouthpiece may be used multiple* times by one patient, per clinical visit.

NOTE: The mouthpiece is single-patient use; re-use of the mouthpiece between patients can increase the risk of cross-infection and result in incorrect readings.

The NObreath® mouthpiece is fully recyclable and should be disposed of after use in accordance with local clinical waste guidelines.
